Ever wished your boss would set up your own personal Starbucks barista one cube over? We'd show up at least a half-hour earlier every morning if a steamin' vanilla non-fat latte was waiting on our desk. OK, so that's never gonna happen — but EspressoNow!, which bills itself as "your in-house coffeehouse," has set up shop in the heart of Lakewood offering gourmet coffee drinks "at the press of a button." The vending machines — called "sophisticated systems" in the world of EspressoNow! — grind the beans, steam and froth the milk, and offer a variety of hot toddies (minus the hooch): Espresso, Café Americano, Latte, Mocha, Cappuccino, Chai Tea and so on. For a fee, of course, depending on the number of caffeine addicts your company employs. EspressoNow! also sells high-end "systems" for home use, but we suspect you'll still find yourself wandering over to Legal Grounds or Starbucks when you want someone else to do the dirty work. For a taste test, visit EspressoNow! at 6341 Prospect (across from Cantina Laredo) or call 214-841-4703.
